THA 2025 Grass Cutting Operations

A reminder regarding grass cutting and weed whacking operations

- THA cuts the grass on a weather dependent schedule. It isn't done on the same day each week.
- THA does communicate via Text Alert on the day we are cutting grass to allow you to do any last minute clean up in your area to help THA complete this task. ***Sign up for Text Alerts by calling or emailing your cell phone number to the Office.***
- THA will weed whack around your apartment but requires Tenant Assistance with outside storage to ensure we can get into all areas around your apartment. This is why keeping outside storage to a minimum and organized is a THA Regulation. ***If THA cannot weed whack because of your stored items, the Tenant then has responsibility to complete the task within 24 hours of grass cutting OR THA will return and weed whack and bill the Tenant \$25.00 for this service.***
- *If a grass cutter / mower is in proximity to a person, you will notice **we shut down the machine.** This is an indicator to **YOU** to leave the area until we have completed our grass cutting. Please bring children inside until we are done cutting in your area.*
- Tenants must always store their outside items in a manner that does not impede THA's ability to maintain the property. Storage is in the REAR of your unit and NEVER streetside.

Thank you for your anticipated compliance to these rules and regulations.
